## *WINE OF THE MONTH*

### LOMOND - CAPE AGULHAS WINES

The complexity and character of our wines are an expression of the aspect, soils and climate of Cape Agulhas, which is distinguished by its cool coastal location at the southernmost tip of Africa.

Selective hand harvesting and sorting and respect for the vineyard drives our winemaking process with extreme attention to detail followed.

This in turn creates elegant, complex wines with texture and depth which allows the true identity of the fruit source to be portrayed.
